Dear Commissioners:

Recently your office made public an agreement made with John Klatt, a local insurance company representative, for his agreement to return payments for sales of unregistered securities called viatical settlement contracts (see copy enclosed). I am one of his clients he solicited to invest in this program and did so (see copy enclosed)

After reading in the "Arizona Republic" of this agreement, I wrote to MR. Klatt on March 1, 2005 requesting details how and when I would be compensated. To date he has not sent me any reply.

Will you please advise me the details of his agreement to pay the refunds for this illegal investment that he sold to me?? I need this information to seek proper prompt repayment on this five year old investment.

Very truly yours,

J La Verne Shinn
